

About the Job

We are seeking an experienced Site Superintendent for San Francisco Bay area, CA location.

Essential Duties and Responsibilities

- Supervise, coordinate, or schedule the activities of workers concerned with construction of buildings, addition, alteration and renovation residential houses, home renovation and remodeling.
- Read specifications, such as blueprints, to determine construction requirements or to plan procedures.
- Plan and schedule work and keep records of the materials used and the progress made on a job.
- Orders procurement of tools and materials to be delivered at specified times to conform to work schedules.
- Inspect work progress, equipment, or construction sites to verify safety or to ensure that specifications are met.
- Communicate company rules and policies to the workers.
- Confers with workers to resolve their complaints and grievances.
- Coordinating various phases of construction to prevent delays.
- Must be able to work alongside or replace any of construction craft workers if necessary.
- Advise qualified craft workers on the best way to handle certain tasks.
- Oversee the training of newly hired laborers.

What You Need for this Position

- At least 5 Years experience in construction
- At least 24 months experience as Construction supervisor.
- High School Diploma or equivalent
- Must speak Russian (cause most supervised workers are Russians and they don't able to communicate well enough in English)
- Must have an Electrician's certification.
